

Since 1992, the Big Island Academy has provided massage training programs for state and national certification. Our training program is an approved curriculum to becoming part of the Massage Therapy Vocational Trade recognized by the DCCA Massage board of Hawaii Licensing. We are the only Academy in East Hawaii of the Big Island, in downtown Hilo. In a universal arena of healing, learning and Aloha, our graduates leave empowered with superior skills taught in an environment that fosters the Aloha spirit, personal growth and healing for body, mind, and spirit. We also offer classes and workshops for continuing education (CEU's).
